At Sadiq school we offer

- Small classrooms
- Science, Technology, Engineering, Arts & Mathematics
- Islamic Education
- Character Education-moral, ethical, social values
- Arabic Language

We already see the difference, even at the most elementary level. My first grader in a top rated public school comes home...singing & dancing. Using words which my husband and I would definitely not approve of, especially at such a young age. My daughter in Sadiq School corrects me while I'm reciting surahs. She loves wearing hijab when we go out to the library and grocery shopping. It's so cute and heart warming. At the same time, is a glimpse of the significant differences we see...now & in the years to come. -Pre K Sadiq School parents
